Personal Statement

An extremely driven and hardworking individual with strong interpersonal and collaboration skills who attends the University of Melbourne, Australia studying Computing and Software Systems. Seeking an opertunity to develop my professional skills and knowledge in today's work environment. The eventual goal is to become a successful software engineer in a leadership role.

Education

- **2018 – Current** **University of Melbourne** **Melbourne, Australia**
  - o 3rd year Bachelor of Science, majoring in Computing and Software Systems
- **2015 – 2017** **Qatar International School** **Doha, Qatar**
  - o Completed GCE A level in Computer Science, Mathematics and Physics

Work Experience & Volunteer Work

- **Freelance work for Greenfields Country Club** ---------------------- **Nov 2020 – Feb 2021**
  Contracted by the company, worked on creating a website for their company as well as an internal booking system for admins to use to check in and out guest. The websites were created using React.js for the front end with Node.js for the backend and using a MongoDB for the NoSQL Database.
- **Internship at Intagleo Systems** --------------------------------------- **Jan 2020 – Feb 2020**
  A four-week long internship at a Software development company located in Lahore, Pakistan. I was working closely with one of the Product Manager's at Intagleo while he was leading his team on creating a product for a client. I learnt about how a fast-paced Agile work environment looks like and functions on a daily basis. Also helped with a product for their internal employee check in-check out system.
- **Executive Member of University of Melbourne Student Union International (UMSU INTL)** --- **June 2019 – Aug 2020**
  The Cultural and Social Vice President of UMSU international. In charge of and Coordinating the university's biggest social events, with budgets between $40,000 AUD to $80,000 AUD alongside representing and running UMSU international. In charge of a team of 11 office bearers.
- **Online Tutor at The Leads Academy (Lahore, Pakistan)** ------- **Jan 2019 – Nov 2019**
  Hosting online classes for GCE O and A level Computer Science as well as GCE O level Mathematics for almost a year under my supervisor. Thought various kinds of students, who were about to enter there GCE O/A level examinations in the following months.
- **International Student Ambassador at UMSU International** --- **Mar 2018 – Oct 2018**
  Was an International Student Ambassador (ISA) from Semester 1 2018 – Semester 2 2018. Officially lodged in 130 hours, working on setting up the events at the University such as

2018s Night market and Festival of Nations as well as set up small events such as PR/Visa workshops throughout the year.

- **Internship at Mercedes NBK** --- **Oct 2017 – Nov 2017**
  Three-week long internship in the IT department of Nassir Bin Khalid (NBK), a Mercedes dealership company in Doha, Qatar. In it, I worked with professionals on everything related to the internal network infrastructure of the company and helped with any problems that arose. I was mentored and worked with one of the heads of the department. Side by side, I was assisting clients and other workers in the company on any tech related issues that came up.

Achievements and Skills

- **Computing:** Proficient in React.js, NodeJS, JavaScript, C, Python, MongoDB, Heroku and Object-Oriented Programming. Basic knowledge and understanding of Java and C# and MySQL.
- **Leadership:** Vice President of The International Student Union at the University of Melbourne representing over 20,000 international students.
- **2017** – Received Achievement Award in Computer Science and Physics at AS level.

Web Projects
